

The Word on Outpatient Surgery at the New ASC Durango:

Outstanding.

We could go on and on about why you should choose the new ASC Durango for your outpatient procedure.

We could explain that our state-of-the-art facility is the result of a joint partnership between the physicians in our community and Mercy Regional Medical Center.

We could tell you about our highly-trained staff, our non-clinical atmosphere, and our streamlined registration and discharge process.

But instead of telling you about ASC Durango ourselves, we'd rather let our patients tell you why you should become acquainted with us.

"ASC Durango was very nice and comfortable."
